

May 6, 2024

Dear President Trump,

We thank you for your remarks to *Time* magazine concerning the failed “two-state solution” where you stated, “I’m not sure a two-state solution anymore is gonna work...There was a time when I thought two states could work. Now I think two states is going to be very, very tough.”

We salute you for expressing the view of the pro-Israel faith community by coming out against the reckless pursuit of the two-state solution. The Biden administration has repeatedly used October 7th and Israel's war against Hamas terrorists as an excuse to pressure the Jewish State into living side-by-side with a Palestinian terror state. Creation of such a state would simply be a grotesque reward for terrorism.

Mr. President, your entire foreign policy was always based on a clear-eyed understanding of reality and a rejection of the delusional thinking of the established elites. This statement is another example of your common-sense wisdom: there can be no peace through the creation of a state whose population overwhelmingly calls for Israel's destruction.

The Palestinian leadership has rejected the two-state solution every time your predecessors have offered it, from Truman through Obama. After the horrendous atrocities of October 7th, we call on other world leaders to follow your lead by throwing the delusional and dangerous idea of Palestinian statehood onto the ash heap of history. By sending the clear message of “peace through strength” in your first term, you demonstrated that those who call for 'Death to America' and 'Death to Israel' must be defeated, not rewarded.

We, the leaders of the “Keep God’s Land’ coalition, proudly declare “God bless America” and “God bless Israel.” We represent over 100 Christian and Jewish organizations around the country, and recognize that your time as President was the most peaceful and prosperous era in Israel's history. Through your recent remarks, you have once again demonstrated that you are a true friend of Israel and the Jewish people.

Thank you President Trump for your moral clarity,

Ambassador David Friedman and the Keep God’s Land Coalition
